Insurance Manager

EASY DENTAL INSURANCE MANAGER
Track patient eligibility and insurance claims in real time

Insurance Manager helps you:
Determine your patients' insurance eligibility before their office visits. Track your electronic claims and take care of denied claims immediately.

"If you don't have Insurance Manager, calling and checking each patient's eligibility can take hours, tying up your phone lines."

TERESA DUNCAN
Odyssey Management

STAY ON TOP OF YOUR INSURANCE PROCESS

In the ever-changing world of dental insurance, keeping track of patient eligibility, plan benefits and insurance claims can be a full-time job. Because insurance payments make up a large part of practice income, staying on top of this time-consuming process is vital.

Calling insurance carriers to check patient eligibility can take hours and tie up your phone lines. Meanwhile, you could lose potential patients trying to call your practice for an appointment.

Researching, correcting and re-submitting denied claims also takes time and can delay your reimbursement. Effective insurance management requires daily attention to sustain and grow your cash flow. Easy Dental Insurance Manager can help you do just that.

ADD A VIRTUAL INSURANCE SPECIALIST TO YOUR TEAM

Easy Dental Insurance Manager helps automate many insurance-related tasks. It perfectly complements Easy Dental eClaims, monitoring the entire claims process. You know in real time
if a claim is accepted or denied—no more waiting for an EOB statement in the mail.

Insurance Manager provides real-time eligibility updates, reducing time on the phone. It can automatically run eligibility reports for each day's scheduled patients, so you can accurately determine co-pays.

CALL US TODAY AT 800.768.6464

Ask how to get discounts when you bundle your Insurance Manager with Easy Dental Service Bundles.

DID YOU KNOW? Our Easy Dental Service Bundles are packed with eServices—powerful tools connected to Easy Dental that help boost your front office productivity and streamline your workflow.

Automate even more tasks by bundling Insurance Manager with other powerful eServices tools like eClaims.

HENRY SCHEIN ONE

Insurance Manager helps automate many insurance-related tasks, such as electronic claim tracking, claim reports, automatic eligibility uploads, and real-time eligibility updates.

KEY BENEFITS

Save time. Send electronic claims and add attachments without leaving Easy Dental. Check claim status in real time without calling insurance carriers.

Improve productivity. Save time on insurance phone calls by predetermining patient eligibility every day—automatically.

Lower costs. Provide electronic tracking numbers and cut the cost of re-sending claims already received by carriers.

Avoid claim rejections. Verify insurance eligibility in real time. Submit more accurate claims and expedite reimbursement.

Keep cash flow consistent. Track claims daily to correct problems and prevent payment delays.

Increase case acceptance. Discuss treatment plan options with accurate information about a patient's benefits.

Stay up-to-date. Automatically update the insurance data in your Easy Dental Family File, Appointment Book, Ledger, Document Center, Communication Manager and more.
